Ref: ICD Conference Funding Application

Dear Claire,

I can confirm that your application to the Trustees of The British Dietetic Association General & Education Trust for a grant to support you in attending the International Congress of Dietetics (ICD) in South Africa (15 – 18 September 2020) has been approved. The Trustees agreed to award you £1,000.

The Trustees ask that successful applicants for all conference funding (or similar) make their posters or abstracts available widely to the profession. This will be done by making your poster available to members in the members' only area of the BDA General and Education Trust Fund pages on the BDA website. If you could provide a copy of your poster, ideally in a digital format, we will ensure that happens.

The Trustees also ask that you acknowledge BDA General and Education Trust Fund funding within your presentation or workshop.

Trust funds are usually only available by bank transfer, to help reduce costs. Please ensure the relevant bank details are on any invoices you submit to the Trust Fund.

Yours sincerely,

Andy Burman
Chief Executive
British Dietetic Association
